

RENO LABOR MEN FIGHT ARMED INVASION

Call Issued and Every Effort Will Be Made to Stop Strike Breakers Now Headed for San Francisco

OGDEN, July 12—The officers of the local Typographical Union will make a strong effort to detain the strike breakers who are on their way from St. Louis to San Francisco.

They have consulted an attorney who, however, could not say whether the crowd of strike breakers and guards could be classified as an "armed body of men," and detained on that account. The union's action in the matter will be determined by the attorney's opinion.

Late last night President Livingston of the Reno Typographical Union issued a call for a special meeting of the union, to be held at 2:30 o'clock today to determine ways and means to repel what the call terms "this armed invasion of a lawless horde upon Nevada; this move that borders on anarchy and defies the laws of all government." The best legal talent in Nevada will be employed and a message, in the name of organized labor, will be sent to Governor Sparks to prevent a violation of the law.

LOST HER PROPELLER FAR OUT ON THE SEA

HONOLULU, July 12—The transport Warren, which arrived today from Manila, lost her propeller blade at sea. The transport will be repaired here, causing a week's delay.

A local Chinese is trying to raise a fund of \$50,000 to assist in a boycott of American goods in China. It is reported he has already raised \$30,000.

STOCK BROKERS CALL FOR AN INQUIRY

Asks President to Probe Into Alleged Corruption in Department of Agriculture, Charged With Giving Out Crop Tips

WASHINGTON, July 12—A new and interesting phase of the bottom leak investigation developed today through the publication of a letter of Walter Hubbard, president of the New York cotton exchange, addressed to President Roosevelt, in which the writer declared that members of the exchange had been "greatly shocked" by the recent disclosures of venality in the department of agriculture and requesting a full investigation of the methods which led to the corruption with a view to preventing the possibility of recurrence. The letter, it is believed here, is the outcome of recent correspondence between Secretary Wilson and Walter Hubbard, in which the latter called upon the secretary to make him a public apology because he had some years ago called the secretary's attention to the alleged leaks and that no notice had been given the suggestion. The secretary wrote Taft a reply in which he informed Hubbard that he owed no apology, having promptly sent all the facts to the secret service agents.

BEGIN WORK IN FIFTY DAYS

NEW YORK, July 13—It developed here today that the Western Pacific people have been quietly arranging for contracts on their proposed new transcontinental line, with several prominent contracting firms, and that the contracts for the work will certainly be let before September 1st.

He Will Be Buried Today

The funeral of the late Carl Zeuch, who was killed while unloading rails at Hazen last Thursday, will be held from the undertaking parlors of Perkins Oliver & Gilling this afternoon at 1 o'clock. No relatives of the dead man have arrived and the interment will be directed by Coroner Read. The coroner's jury at the inquest brought in a verdict to the effect that death was the result of an accident. A sister of deceased has been communicated with, but has not replied.

Feast for Mayor Schmitz
Special to The Journal
VERDI, July 12—Mayor Schmitz of San Francisco drifted into Verdi with his estimable wife this evening. The town turned out en masse to greet the distinguished Californian. Himself and wife were the guests of Dr. and Mrs. W. L. Moore, who tendered them a charming reception. Most of Verdi's prominent residents were present, as well as a number from Reno.

SAVED A BRUTE FROM FURY OF AN ANGRY MOB

Quick Action of Deputy Sheriff Stackpole All That Saved Antone Rodeter From Lynching at Verdi Yesterday Morning

ANTONE RODETER, a swarthy Mexican, came near being lynched at Verdi early yesterday morning, by the enraged citizens of that place. Rodeter is lodged in the county jail upon a charge of indecent exposure, and it was only the prompt action of Deputy Sheriff Stackpole, in removing his prisoner to the county jail in this city, that saved him from the summary justice of the people.

The prisoner pursued one of the young women of Verdi up the main street, but was captured before he had accomplished his purpose. Deputy Sheriff Stackpole brought Rodeter to the city yesterday morning and he is now safely under lock and key in the county bastille.

Rodeter is a Mexican laborer who can scarcely speak the language. He is a formidable looking individual and it was a very fortunate thing for him that he was removed promptly to a place of safety after his attempted crime.

The citizens of Verdi are worked up to a fever heat over the affair and it is the chief topic at the mill town.

MURAVIEFF IS FORCED TO RETIRE

M. Witte to Be Chosen President of the Peace Commissioners, War May Soon End, With Japan and Russia Forming an Alliance

ST. PETERSBURG, July 13—M. Muravieff has resigned his position as chief of the peace plenipotentiary commission. It may be regarded as practically certain that he will be replaced by M. Witte, as president of the committee of ministers.

Though the emperor on two previous occasions flatly declined to accept M. Witte, he has now indicated his readiness to make the appointment.

The commission, however, will actually be signed until Foreign Minister Lamsdorff, who throughout had been Witte's warm supporter, has had an audience with the emperor.

Witte's selection will undoubtedly be hailed as a practical assurance of peace. While it would be a mistake

to denominate him as a "peace at any price" man, Witte earnestly believes that the struggle should be ended and should be succeeded by an understanding between Russia and Japan which would secure peace in the far east for a half of a century.

Indeed, he is believed to favor the Russo-Japanese alliance. The only handicap under which M. Witte labors is his lack of familiarity with the English language, as the only foreign languages he speaks are French and German.

Muravieff's retirement, ostensibly owing to reasons of ill health, is in reality due to the fact that the emperor became convinced that the negotiations might be jeopardized if he went to Washington.

In Jail at Carson
Special to The Journal
CARSON, July 12—Donald Dockham, the young man arrested in Reno day before yesterday on a charge of using the mails for illegal purposes, is in jail here and will be taken back to Pennsylvania to face the charges against him within a few days. Young Dockham expected his father, who is secretary of the Nevada Chamber of Commerce, today to bail him out of jail, but Mr. Dockham did not put in an appearance.

READY TO MAKE DASH FOR THE NORTH POLE

Robert Peary With \$150,000 Outfit, Furnished By Americans, Sails From New York on Perilous Journey This Week

NEW YORK, July 12—With \$25,000 subscribed toward his expedition to reach the North Pole, Robert Peary has announced that he will sail this week for the north.

Commander Peary's new Arctic ship "Roosevelt," has been waiting several days for supplies which could not be bought on account of lack of funds.

The polar expedition which has been in preparation since October, 1904, has cost \$150,000, including today's subscriptions. The entire amount has been given by American business men to the Peary Arctic Club, whose members are anxious that none but Americans shall have a hand in this polar expedition.

Electric Fan Falls

The large revolving fan which occupied a position over the bar in the Monarch saloon came tumbling down from its fixtures on the ceiling yesterday. Several persons who were almost under the fan narrowly escaped injury.

VICTORY FOR AMERICAN GIRL

LONDON, July 13—Miss May Sutton of Pasadena beat Miss Moncton in the first round for the Welsh lawn tennis championship. Miss Sutton has not lost a single set since she came to England.

Inquest to Be Held Today

An inquest will be held on a portion of the remains of the unknown man found back of the Rice ranch on an island in the river on March 23d last.

The body has been held to see if something that would lead to the identity of the deceased could not be unearthed. The inquest will be held at 7 p. m. today at the undertaking parlors of Reinhard & Co.

It was thought at the time of the discovery of the remains of the dead man that he had met with foul play. The coroner has been conducting a close investigation since that time in search of some evidence that would establish the cause of death. His efforts have been futile, however, and the remains will be consigned to the grave, adding one more to the long list of unknown dead which have been taken from the waters of the turbulent Truckee.

Work of Firebugs

ANDERSON, Cal., July 12—Fire destroyed Justice of the Peace Keeler's office, two saloons and a tinshop today; loss \$5000. The fire is supposed to have been the work of fan incendiary.

LEONARD WOOD IS PRAISED BY PREISIDENT

In Speaking of Panama Canal Roosevelt Gives Credit to Man Who Cleaned Cuba First Time In Four Hundred Years

YSTER BAY, July 12—President Roosevelt delivered a notable address before the Associated Physicians at Long Island today.

He discussed the relations physicians sustain with the people of the communities in which they reside and the work to be done by medical experts in connection with the construction of the Panama canal, declaring that despite all difficulties of construction on the isthmus and here in the United States, the canal would be a success.

He referred to the achievements of the sanitary engineers who cleaned the cities of Cuba for the first time in 400 years and closed by paying a tribute to the services of General Leonard Wood, whose career as a military officer, he said, was flouted by some critics because he once had been a doctor.

Attired in a rough linen suit and wearing a broad brimmed Panama hat, the President arrived at Oyster Bay high school, where a meeting was held at 3.15 p. m.

A TRULY GLORIOUS CLIMATE

SEVERAL thousand residents of this section of Nevada have been cursing the weather for the past week and declaring nothing quite so warm was ever experienced before in Nevada. That may very well be so, but all the kickers have to do is to float over the mountains into California where, as we are reliably informed by the natives, they have the grandest climate in Christendom.

Of course, different people will have different choices as to a locality to settle in, so we will give a few tips to intending emigrants that may be of service.

Santa Rosa is a lovely town, for instance, and delightfully cool. The thermometer there on Saturday romped up to 109 in the shade, but only one resident is likely to die of prostration.

At Stockton the mercury showed moderation, only creeping up to 108. A man died of sunstroke, but being a farmer it is presumed that he had the grace to accomplish his departure outside of the city limits.

At Grass Valley the weather was decided by better behaved. The heat expanded and twisted the rails on the street-car lines, and laborers had to quit work in the middle of the day, but nobody died of heat.

Hendeburg, claimed a record of 122 degrees in the shade, but there were no funerals in consequence.

Two persons at Vallejo suffered from sunstroke. And in Evergreen Valley near San Jose, and at Auburn, Grass Valley, Chico, and Redding the intense heat has started forest fires that threaten to destroy large tracts of valuable property.

While these reports are limited to central California, we presume that the same conditions exist nearly everywhere in the state.

Whether at San Rafael or Wilmington, Whether one's lot be in the shade or sun—The sweat of life is oozing by drop, The undertakers calling, one by one.

The next time anyone asks, "Is it hot enough for you?" tell him to go to California. Profanity is excusable under such provocation.

And the next time a California fanatic says "glorious climate" in your presence, give him that icy look of incredulity that will do him for a refrigerator for several seasons to come.

Above all let yourself in on the fact that the really glorious climate of the United States, if not of the world is just on this side of the Sierra, and boost it for all you're worth.

And when you die and go to your reward, you won't find it any hotter than Reno.

NOTHING REMARKABLE

"ROADMASTER DONNELLY of the Southern Pacific, camped a short distance behind the bluff, had his attention called to the pitiful yelps of a canine in distress. Unable at first to locate them, he finally saw far up the side of the precipice a patch of liver that resolved itself into a dog."—Press Dispatch.

At first glance the above statement seems a remarkable one, but upon reflection we recollect having often seen a patch of liver resolved into a cat.

AFTER all it seems that there is only one man sure that Marvin Hart is champion of the world, and that is Marvin himself.

PEOPLE should not be in a hurry to condemn Jim Jeffries for that story he fixed up about his gambling losses in Reno. Jim is a married man.

THE sailor boys on the Kulaz Potemkin are a great deal like other boys; they enjoyed playing hockey while the fun lasted; now they're crying as they see the paternal rod in view.

A DUEL with swords has been fought at Panama with the usual result—nobody hurt. It might be a good idea to introduce duelling as a substitute for football in our American colleges.

DALRYMPLE, the tram-expert from Glasgow tells the people of his city that he never saw a drunken man in the streets of Chicago. He must have been blind drunk all the time he was there.

WITH the taking of the island of Saghalien the Japanese have acquired a population of 30,000 persons over six thousand of whom are convicts, consigned to the island which has been since 1893 the main prison settlement in

Siberia. It is safe to say that if Japanese methods prevail many of these Russian criminals will be transformed into good and useful citizens.

A CONNECTICUT young man has eloped with an insane woman and refuses to leave her. The press dispatches call him chivalrous, but it strikes us that "bug-house" would be a better word.

KANSAS prohibitionists are using dynamite to discourage the liquor traffic and General Funston's dad is mixed up in the trouble. It's a cold day when a Funston can't get his name into the papers.

THE Filipinos may talk of their wrongs, but considering the approaching visit of the Taft party they may congratulate themselves on one thing—that there are no illustrated newspapers in the islands.

AND now John D. Rockefeller is accused of trying to get a corner on the National Educational Association. John ought to run for president of the United States; there's nothing left to accuse him of.

ATTORNEY COLLINS' bondsmen may have been very angry at first, but being married men they will doubtless, upon reflection, remember that Collins left two mothers-in-law behind, and extend forgiveness.

PROFESSOR MOSES says that before the United States may compete with foreign nations, the standard of living must be lowered and wages reduced. The Promised Land of Moses of old was Canaan, but this modern Moses must have his heart and optics glued on China.

THE Howard Goulds of New York are all swelled up over a strike on their yacht. While they have not telegraphed the Czar an assurance of their sympathy over the Kriaz Potemkin incident, it is understood that they now consider themselves in the same class with that Mrs. Vanderbilt who entertained the German emperor's brother.

BEAUTY HINTS BY SAM DAVIS

SECRET EXPLAINED BY TWO SIMPLE WORDS

"Moderation and Simplicity Tells the
Entire Story of My Good Looks,"
Says the Adonis of Nevada's Capital

The fact that many of the leading newspapers throughout the country have been devoting considerable space for several years past to beauty departments for women, the Journal has made arrangements with a local dermatologist to furnish its readers with brief sketches, recipes and hints for the preservation of masculine beauty. This specialist, while a master of the theoretical side of his profession, has not been content to advance his own unsupported ideas for the preservation and enhancement of masculine beauty, but has determined to furnish Journal readers practical demonstrations in the form of experiences of some of Nevada's most prominent citizens. With this end in view he has secured an interview from that Adonis of the Holstein ranch, State Controller Davis.

"I owe the preservation of my beauty of form and the fact that my waist measurement is less than that of my torso," said Mr. Davis, "to a rule laid down by the late Dion Boucicault—never to arise from a meal except with a sensation of hunger, in other words I preserve my figure by fasting. My breakfast consists ordinarily of two watermelons and two or three cantaloupes, together with a crate of strawberries, two porringers of oat meal mush, eight or nine eggs either poached or boiled—if the latter, not hard—and five well proportioned slices of juicy ham. Two well regulated pots of coffee, brightened up with a liberal quantity of Holstein cream and a fair sized pile of buckwheat cakes and maple syrup generally brings to an end my first repast of the day. After a light meal, of this character one naturally does not feel inclined to indulge in heavy work, either mentally or physically. However after my breakfast settles I always make it a point to take light exercise in the hammock until noon.

"My noon meal invariably consists of one plate of soup, fish, salad and a round of beef. While I object to pastry on general principles as a destroyer of the complexion, I generally finish my lunch with a pie or two. I have a strong belief as regards abstinence from ardent liquors in the morning, and in fact at meals, altogether, but as a certain amount of alcohol is necessary to the preservation of health, as well as beauty, I generally devote the time after lunch—say from 1 to 3 o'clock—to this department of my regimen. The remainder of the afternoon I devote to my duties as State Controller.

"Returning to my ranch, where I generally arrive about 3 45 p. m., I prepare for the evening meal by tossing the medicine ball, playing leap frog with the farm hands, turning somersaults on the lawn and exercising in the hammock. By this time it is 4 o'clock and the bell tells me dinner is ready. My bill of fare for dinner is lengthier than at the two preceding meals. Perhaps you would not care to use the space required to publish it and for this reason I will refrain from giving it to you.

"As to my complexion and the means by which I preserve it, I should say that I consider my most potent aid the cold plunge I take in my private bath in the front yard each morning upon arising. You see we have no direct connections with the city water system at our place and my bath consists of a duck pond. I have been using it for years and can truthfully say that my skin has improved. The mellow color you see I attribute entirely to the wonderful qualities of that duck pond.

"Except on state occasions I retire every night at 7 o'clock. Immediately after dinner I go through violent exercise. This is necessary, you know, if one would keep the waist line reduced to artistic proportions. A punching bag near the foot of your bed is good though a fat feather pillow will answer all purposes if you are nimble on your feet. Fifteen minutes of this will answer all purposes. Ten minutes should then be devoted to the task of relaxing all muscles, after which you are prepared to enjoy a night of sweet, well earned rest.

"This program I have followed for years and is I candidly believe a complete confession of the secret of my buoyant step, sylph like form and childish complexion. It is simple and easily followed. However, if any of your readers desire special instructions I will gladly furnish them upon receipt of a self addressed and stamped envelope."

MRS. BAKER TAKEN TO LOWER ALTITUDE

Mrs. Baker the woman who was taken into the custody of the police because of her peculiar actions on the street last week, was released from the county jail yesterday morning and was taken to her home in Stockton by friends. It is believed that a change of scene and altitude will prove of great benefit to her and that she will be restored to health by the change.

A New Pleasure Resort
Reno is not without its attractive pleasure resorts. Among the newest places of this nature is the family resort known as Welland's Park, located directly on the street car line at the State Park between this city and Sparks.

H. C. Heldmann has just erected and opened what promises to be the most popular suburban resort of Reno. The building has been so planned as to be well adapted to its particular needs for accommodating pleasure seekers, the spacious platform between it and the car track makes it convenient and the enclosed park, with its restful features will soon be ready for its patrons. This resort has a genial and accommodating manager in the person of D. B. Gillespie, who is ever alert to the interests of all who spend an hour or more in the enjoyment of the refreshing viands served at all hours day and night in the open or in the private apartments. This pleasure place is being well attended every evening and is growing in general favor.

Five Thousand Acres of the Finest Land in the World for Sale

We have decided to open for settlement our large tract of land lying in Prosser and Spanish Spring Valley, Washoe county, a distance of from three to ten miles from Reno.

The first 2500 acres we will sell at \$40 per acre. The purchaser to pay \$20 per acre, as a first payment, receiving the deed for the property, the balance of \$20 per acre to be paid at the convenience of the purchaser. We to give a bond guaranteeing to furnish water for the lands. The money to be paid as a first payment on said lands will be used in the enlarging and extending of our ditch line to said property.

The balance of the land will be sold at \$60 per acre under the same terms. For further information inquire at the office of the Reno, Power, Light & Water Company or to P. L. Flanigan, president of the RENO POWER LIGHT & WATER COMPANY.

NOT IN LOVE WITH HIS JOB

Dr. Morrison Not Inclined to Sacrifice Practice to Perform Autopsies Without Pay

Washoe county may be without an autopsy physician. Dr. Morrison, who has been attending to this class of work, has notified Coroner Read that in the future he will refuse to perform autopsies in the event that he is required to attend court as a witness.

It has developed that his contract as county physician does not call for the performing of autopsies. It is not that the physician does not care to do the work, but because no compensation is allowed for it. Another reason is that the physician is also required to appear at inquests and some times in court as a witness. Naturally this requires considerable time and prevents the physician from giving proper attention to his practice. The matter will probably be called to the attention of the commissioners.

Dr. Bergstein's Quarters.
During his stay in this city Dr. Bergstein will be found at room 43, McCormack Building. Those wishing to see him will find him there during regular office hours.

SAYS FRANCHISE IS NOT NEEDED

President Flanigan of the Reno Water, Power and Light Company Sets Forth His Views on Water Question

A bomb shell was exploded at the meeting of the city council last night, when President Flanigan of the Reno Water, Power and Light Company appeared at the meeting and stated to the council that he did not propose to ask for a franchise to extend the system of the company within the incorporated limits of Sparks, as he believed it was not necessary to have a franchise to do so. Mr. Flanigan stated that the rates at which the company would supply the city with water would be \$1 per month for double hydrants, 50 cents for single hydrants, free water for sprinkling purposes and flushing for sewers.

Mr. Flanigan also asked for a franchise permitting the company to extend its gas mains inside the city limits.

Both questions were placed on file for further consideration. The council then decided to call a mass meeting of the citizens for the purpose of considering and discussing the proposition made by Mr. Flanigan in regard to the water question. The meeting will be held tonight in Robinson's hall. It is desired to have a large attendance at the meeting as the subject to be discussed is one of vital importance.

James T. Shaw appeared before the council and asked permission in behalf of the government reclamation service to set a line of telephone poles through the city limits. The line is to be for the exclusive use of the government and is to extend from Hazen to Lake Tahoe. The permission was granted. The poles will be set under the direction of the Mayor and will extend along the line of the old county road.

A NEW SYSTEM FOR THE WESTERN UNION

Within the next two months the present gravity battery system used by the Western Union Company in Reno will be abandoned and a modern generating system installed. The work of preparing for the change is now in progress.

Manager Brown has secured a lease of the rear portion of the large office of the Washoe Power and Development Company and is now fitting it up for the new batteries. With the exception of the generator all material for the new plant is now in Reno. J. Sherrburne, batteryman for the local office, is engaged in the work of transferring the old batteries to the basement.

The Western Union is now engaged in doing away with the old system in all its offices and as fast as the new batteries can be turned out they are being installed.

O'BRIEN WANTS TO COME HERE

Philadelphia Pugilist, Now In Alaska, Would Like to Make Finish Fight In Nevada

Al W. Pape, amateur champion, single scull oarsman of the Northwest, is in Reno. Mr. Pape brings with him a letter which he received a few days ago in San Francisco from Philadelphia Jack O'Brien, who is now in Dawson, in which the latter gentleman states that he would like to come to Reno and fight either Marvin Hart or Jack Root, or any of the heavyweights or light heavyweights fighters, who are now holding the boards in their classes.

Mr. O'Brien states that he will make a match with any of them for a finish fight in Nevada. Mr. Pape has turned the correspondence over to Secretary J. P. Egan of the Reno Athletic Club, and it is likely that O'Brien may be one of the principals in the fight to be pulled off in this city in connection with the autumn race meet here.

Mr. Pape was the stroke for the Dolphin crew in their recent victory, and holds many records as an athlete. For twenty years he has competed in amateur competitions, having won nearly 100 medals and trophies.

Within a few days Mr. Pape will leave for Portland, where he will enter in the rowing races for the world's amateur championship.

For eight years he has held the single scull championship and holds the American record for one and a half miles on a straightaway course of nine minutes and ten seconds. The races at Portland commence on July 21st, and Mr. Pape expects to enter in several of the most important events.

"I believe Jack O'Brien would make a great drawing card," said Mr. Pape, discussing the prospective fight here. "He has probably fought more hard fights and won more ring battles than any other 163 pound man in the business. He has made a fortune fighting and is one of the best ring generals in the business."

FRIENDS REMEMBER CONSTABLE WILSON

Every one of Constable Wilson's hundreds of friends sympathized with him when it was learned that he was fined \$50 for forgetting that he had been subpoenaed as a witness in the Buitt case. However, the good natured officer took his ill luck in a philosophical manner, simply stating that he was lucky to have enough money to meet the fine. Several of his friends, in a spirit of deviltry, circulated a petition around town to raise enough to pay the fine. Councilman Quinn headed the list by contributing a treatise on "How Not to Forget Important Dates, or Happy Knack of Knowing When You Are Subpoenaed." The other contributors were A. Bergman, Bill Beard, Tom Hickey, Henry Byers, A. J. Pritchett, Peter Dahl, Frederick Broadwell, Al Cliff, Phil Reese, Lou Switzer, R. C. Stoddard, Bill Cummings, William Biddleman, Sim Williams, J. A. Christie, Oscar King, Ed Maxwell, Ed Maxwell, Harry Roland, Charles Hamp, Bob Jones, W. G. Caffrey, W. A. Pennell, R. J. Dargah, Tom Litch, C. H. Barnett and M. Robinson.

The donations ranged all the way from a collar button to a package of headache powders.

When the list was handed to Mr. Wilson last night he expressed his pleasure in a few well chosen words, promising that never, no never again, will he forget.

FEDERAL GRAND JURY INDICTS MANY OFFENDERS

Special to The Journal: CARSON, July 12—The grand jury put in a busy day of it returning indictments in a large number of whiskey cases, where the defendants are charged with selling fire water to the red man. All the cases presented to the grand jury by the United States District Attorney were acted upon, except those from Washoe and Churchill counties.

The grand jury ignored the charge made against E. J. Reall of selling whiskey to the Indians, but found indictments in the following cases: Salvador Mercurro, Austin; J. B. Allen and Mrs. Bennett, Elko; P. Bettl and S. Marisch, Eureka; James Nunnally, J. Sney, W. Kelly and China Sins, Winnemucca; Pearl Teretti and A. Bendetti of Lovelock.

Three true bills were found against Mrs. J. W. McKlincy of Lincoln county for selling liquor to Indians. She was arraigned and pleaded not guilty and the court appointed Attorney Boujard to defend her.

Patrick McCarran of Washoe county was arraigned upon an indictment charging him with cutting down government telegraph poles and using them for fence posts. He pleaded not guilty and started to discuss the matter with the court, informing his honor, Judge Hawley, what he thought of the charges brought against him. Judge Hawley remanded Mr. McCarran and the incident was closed, as the diplomats say, for the time at least. He will be tried Monday morning.

Sam Kee of Hawthorne and Hong Kee of Austin, who were indicted some time ago for selling liquor to Indians, were brought into court and pleaded not guilty. Their cases were set for July 21.

COLORADO MAN GETS CONTRACT

Former Governor of Centennial State to Build Part of Western Pacific Road

Former Governor J. M. Orman of Colorado was in Reno yesterday and will leave this morning for points on the N. C. O., where the former chief executive of the Centennial state will look after some business interests.

It is stated on excellent authority that Governor Orman has secured from the directorate of the Western Pacific Railway Company a contract for the construction of a piece of the new transcontinental road.

Governor Orman would not discuss the matter, but it is said by persons close to him in a business way that his trip to Nevada is in connection with his contract for the building of a good section of the road.

The Associated Press dispatches yesterday state that the Western Pacific for the past three months has been quietly making contracts for the building of its road.

While but little has appeared in the public prints respecting these contracts, late advices from New York state that for the past two months some of the biggest railroad contractors in the country have been in Gotham conferring with the engineers of the roads, and that many contracts for much of the heavier work along the road have already been let and within a few weeks a greater part of the work will be contracted for.

As the most notable piece of railroad construction during the past decade, the building of the Western Pacific will employ a great army of men, and many of the leading railroad contractors in the United States will be employed on the work. The tunnel under Beckwith pass alone will be a great feat of railroad engineering that will be one of the most expensive and heaviest pieces of work to be done along the line.

CARTER MAY RACE WITH MARK BRADSHAW

There is a chance that King Ryan of Goldfield will be given a chance to try out his lately discovered bicycle phenom, Mark Bradshaw. The king, it will be remembered, wants to match Bradshaw against any rider in the state for a mile race. A Carter, better known as Nick Carter, leaves this morning for Tonopah on matters in connection with his bicycle business. While there he is going to try and meet Mr. Ryan and accommodate him with a race if he cares for one.

Carter is riding faster now than at any time in his career. He is in the best possible condition and even while away will do light training to be ready for the big relay race with Oakland on July 23d. This can be said of the entire team and for this much credit is due Jap Hart. The young man took charge at the opening of the season and by careful training has brought the members to their present efficient state.

Carter made a phenomenal run for an eighth of a mile while training yesterday. He covered the distance in twelve and a half seconds flat, within one-tenth of a second of the track record for that distance, held by Art Keddle.

RANIER PEOPLE ARE PREPARING TO BUILD

A call has been issued for bids for the construction of a modern bottling plant of the Rainier brewery, to be erected in Reno. The announcement was made yesterday and is the result of careful investigation by the Rainier people who intend to secure a portion of the immense trade of Nevada. The launching of this enterprise in Reno means the expenditure of from between \$25,000 and \$30,000 in buildings and machinery alone. Work will begin at once and will be completed within sixty days.

C. W. Kohl, who with J. J. Boyle, will conduct the new establishment, arrived here from San Francisco Tuesday evening and will remain here until the new plant is completed, giving his personal attention to the work. The new plant will be located in the eastern portion of the city, near the railroad track.

Mrs. Newhart Wins Suit Judge Nash yesterday handed down a decision in the case of J. Littlejohn against Mrs. C. A. Newhart, giving judgment in favor of the defendant. The plaintiff claimed that when he gave up his room at Mrs. Newhart's he left two \$40 suits of clothes. Some one stole the apparel and he sought relief in the courts. On the other hand Mrs. Newhart established the fact that Littlejohn was owing her money when he left the house. The court therefore refused to give him a judgement for \$30, which he asked for.

Apportionment of School Moneys give Nevada Children Twice as Much as California

Orvis Ring, state superintendent of public instruction, yesterday completed the apportionment of moneys for school purposes in Nevada. In all \$65,917.61 has been distributed for the education of 9430 children of school age in the state. This gives nearly \$7 for each school child in the state, more than twice the amount allotted for children in California and nearly three times that of Utah. The apportionment in full was as follows:

No. Counties	Children	Amount
Churchill	135	\$ 943.68
Douglas	217	2,215.90
Elko	1120	7,829.02
Esmeralda	217	1,516.87

Down With Rheumatism

Frank Stevens, the genial mixologist at the Overland, is still pursued by misfortune. For the past several days he has been confined to his room suffering from a renewed attack of rheumatism. His condition is such that he will not be able to work for some time. It is probable he will return to the Hot Springs for treatment.

OAKLAND FIRM GETS CONTRACT

Virginia Street Bridge Across the Truckee River Will Be Built for \$37,737

The contract for the construction of the Virginia street bridge across the Truckee river was let yesterday afternoon to Cotton Brothers of Oakland, Cal., for \$37,737. The Oakland firm was the lowest bidder by the narrow margin of \$163 and was awarded the work and the contracts and other papers will be signed today by the bridge commission.

The temporary bridge will be completed by the first of the week and a contract for taking down the old bridge will be let within the next few days. Under the terms of the contract with Cotton Brothers, the bridge must be completed within 100 days. The contractors will execute a bond in half the amount of the contract, to indemnify the county in case of a failure to carry out the contract.

Actual construction work will be commenced upon the new bridge within ten days.

The following is a list of the bids put in by the six companies without figuring in the cost of the piling, which was figured upon a yard basis: San Francisco Bridge Company, \$39,860; Haley, Tibbets & Co., San Francisco, \$45,000; Clark & Henry, Stockton, \$38,943; Cotton Brothers, Oakland, \$37,537; John W. Towle, Omaha, \$37,600; A. F. Neidt, Reno, \$39,000; San Francisco Construction Company, \$38,950.

Figuring the cost of putting in the piling the bid made by Cotton Brothers amounts to \$37,737, representing the total cost of the bridge when it is turned over to the county.

**PROSECUTION
RESTS ITS CASE**

Trial of Harry Butts Will Probably Go to the Jury Early Tomorrow

The prosecution rested its case at the trial of Harry Butts, the gambler, who is charged with assault, and the examination of witnesses for the defense was taken up last evening. The court adjourned until this morning, and it is probable that the case will go to the jury some time tomorrow.

Constable William Wilson, for whom an attachment was issued after he left the city upon his vacation trip, appeared in court and was fined \$50 for his non-appearance in answer to the court's subpoena.

District Attorney Craig interceded in behalf of Wilson, who after he had given his testimony, appeared at the bar of the court to hear what the court had to say to him respecting his failure to appear.

Mr. Wilson stated that he had forgotten that he had been served with the summons and Judge Currier told him that he felt that he should at least pay up against him the expense the county had been to by reason of his failure to appear.

The court then imposed a fine of \$50 or the alternative of serving twenty-five days in the county jail. Mr. Wilson promptly paid his fine.

Before the state closed its case Mr. Wilson's testimony was taken. He told of receiving the gun from Tex Perry, who took it from Butts after the defendant had shot Reynolds.

Three witnesses for the defense were examined, the principal line of questioning being to establish the insanity of the defendant. W. Black, one of the witnesses for the defense, testified that he thought Butts insane, but as it was brought out in the cross examination that he was without an occupation and that he had not worked for several months, and that he could remember but a couple of instances when he saw what he regarded as signs of insanity, his evidence did not establish much towards the theory of insanity.

W. Cummings testified that he had served Butts with as many as fifteen drinks in an evening.

District Attorney Craig asked Abe Meyers, who was put on the stand, if it was not a fact that he had stopped him in the court house yard and asked that he Craig, "be as easy as possible" with Butts, Meyers denied the accusation.

Stoddard & Wilson expect to complete the defense of their client tomorrow, when the case will probably go to the jury.

Expert testimony as to the mental condition of the defendant will be offered today.

At the forenoon session of the court Joe Reynolds, the man who was crippled for life by the bullet from the revolver of the prisoner, testified. He told the story of meeting the prisoner and of the row which ensued in which he slapped Butts, who later shot him.

**COMMISSIONERS PASS
A VERY BUSY DAY**

The board of county commissioners appointed the following delegates to attend the National Irrigation Congress, which convenes in Portland on July 21st: R. W. Parry, Mayor D. W. O'Connor, H. B. Maxson, R. L. Fulton and George W. Robison. The board also appointed Geo. F. Turrittin to represent Washoe county at the Trans-Mississippi Commercial Congress, to be held in Portland next month.

Permission was granted the United States Reclamation Service to run its telephone lines from Hazen to Lake Tahoe and at such other points in Washoe county as it may desire. The reclamation service, as has been previously stated in these columns, is building a telephone line to connect all points on the big ditch.

**HOTEL THIEVES
HARD AT WORK**

Room of Fred Tenner and E. A. Gilroy Entered By Burglars Who Make Rich Haul

Some time between midnight and 4 o'clock yesterday morning burglars entered the lodging house owned by Mrs. Dean at 315 1-2 North Virginia street, opened a door leading to the room occupied by Fred Tenner and E. A. Gilroy, and while the occupants slept Gilroy's clothes were rifled. He lost a fine gold watch, \$42.25 in money and a pocket knife. Tenner's clothes were not disturbed. The crime was not discovered until early yesterday morning when Mr. Gilroy missed his valuables.

It is now thought the thieves made two visits to the house, for about 3 o'clock one of them tried to enter Mrs. Dean's room. She was awakened in time to see one man coming up the stairs and another trying to escape. She did not care to disturb the lodgers and gave no alarm, contenting herself with keeping watch on the place during the remainder of the night.

When Messrs. Gilroy and Tenner reported their room robbed yesterday morning the landlady at once placed suspicion on the two men she had frightened away.

Sheriff Ferrel and Constable Wilson were informed of the crime, but as the description of the supposed burglars is meagre, there is but little hope of capturing them.
